

Presidents Message

June 2015

Lots happened in May, all of it good!

We had a good showing at the annual Shelby Foundation Celebration and Car Show in Gardena. Three of our members won trophies plus we saw some really nice Shelbys! The GT 350 was the featured car, so needless to say there were plenty of originals on display. We also got a close-up look at the 2016 GT 350 as well as the new Shelby GT. Orders are being taken!

Our Club was invited to participate in the kickoff of the monthly Encinitas Cruise Night, and again we had a good showing. We lined the car wash parking lot with a row of great roadsters and a Shelby GT350. As always, we had lots of attention from the passersby!

Friday the 22nd we shared Broadway in Escondido with the Pantera Club at Cruising Grand. Again we had a great showing of roadsters, but it would have been nice to get more of our members out. We had some nice Mustangs join us, but not many were members. Where are you guys!! You missed a great opportunity.

Hopefully you have noticed a significant improvement in the web site, both in content and being more up to date. Thanks to member Eric Zucker for taking on the task of updating the site for us. Check it out! www.socalsaac.org.

Also great news, member Glenn Rogers has stepped up to take over the Treasurer/Membership duties from Dave Hamm when he 'retires' at the end of this year. Glenn will be working with Dave starting now to learn the ropes. Thanks Glenn!

All we need now is a VP to assume the President's role next year. Hopefully some others out there will step-up to help keep our Club viable and active again next year. Give me a call!

Got plenty going on again in June, check out the web site for details. Hope to see you soon!

Ralph
